## Attendees : -

- Gaurav Kumar
- Sanchit Jalan
- Karan Nijhawan
- Sreeja Palle
- Vaishnavi Reddy

## Topics Discussed : -

- The meeting convened for a brief duration of just 10 minutes, focused primarily on securing the client's approval for the user interface (UI) and the implementation of left-right rotation for panoramic images. Client gave his nod of approval to the design, marking a significant milestone in our development process .
- Additionally, the bugs that we diligently addressed in Label Studio were thoroughly tested and validated by the client, ensuring seamless functionality. This successful resolution further strengthened our client's confidence in our capabilities.
- Looking ahead, we have tentatively scheduled the next meeting post-Release 1, tentatively set for March 22nd. This upcoming session will entail a comprehensive walkthrough of the software, providing a broader perspective and fostering continued collaboration and progress.
